## Marathon Races – the “Majors”

Thank you for all who commented on the previous World Champions proposals.

The final version is on the website (see <https://www.imshof.org/the-majors-description> and <https://www.imshof.org/the-majors-winners>).

Record of “Majors” have been added to the appropriate Honoree Biographies on the website [IMSHOF.ORG](https://www.imshof.org) – Danish, Dutch and Flemish are coming soon.

## **IMSHOF Initiatives, IMSHOF Facebook, Scrapbooks and Marathon Statistics**

IMSHOF has three formal **initiatives – to Identify and Promote**: Black swimmers and contributors; Disabled and assistance from Honorees; Women and LGBTQIA. We continue to research, record, and make progress on addressing all three initiatives. Thank you for your interest and assistance. We posted three items in IMSHOF Facebook that recorded some of the highest “reach” in October:

12-year-old Black marathon swimmer – reach 852

Trans swimmer does first marathon – reach 605

Disabled swimmer (used snorkel) during his Channel swim ratified by CSA – reach 3,700

In addition, two of our Class of 2021 Honor Administrators have contributed as well:

Julian Critchlow records any swimmer disability on his English Channel spreadsheet

Neville Smith has coach disabled swimmers and has been part of the long running South African initiative to increase the number of Black swimmers

Continue checking the IMSHOF **Facebook** page – we generally have a daily post: Honoree interviews, birthday or news, sport history and a few to make you laugh. Please feel free to share any posts on the IMSHOF Facebook page to your friends. Please also let us know if you have a story and would like to be included or have any interesting audio/video.

Many thanks to Honoree Herman Willemse who has donated the first 5 of 15 of his **scrapbooks** to be digitized and given to the ISHOF Museum in Florida. Don't let your old memories die in a box in your attic, shed or garage.

As a special offer to Honorees, Evan Morrison (LongSwimsDatabase) [evan@marathonswimmers.org](mailto:evan@marathonswimmers.org) is offering a quick review on your 2010 and earlier epic/solo 10 km + swims. He needs, at a minimum: date, body of water, start/finish location, swim time, confirmation that the swim was "unassisted (English Channel equivalent rules) AND some documentation (witness statement at the time, local press coverage, charts, pictures, etc.). He has recently done an independent review of press coverage of Honoree Pedro A. Candiotti and added many of his old swims. For some (many?) of you – you will want to be correctly represented in future **statistics** “Insights” generated real time from this database. A recent

example in the number of years that you completed a marathon swim (listed in the database). If you cite these statistics, please include the URL (because it is a real time list) and credit “LongSwims Database”. See [link](#)

Many Thanks
